

 **Today**, we made an alligator. 

1   **First**, we folded a piece of green

construction paper into a rectangle.  

2    **Second**, we traced an alligator shape.

3    **Third**, we cut out the alligator.

4     **Fourth**, we cut 6 lines on the fold of the
 alligator.

5    **Fifth**, we unfolded the paper.

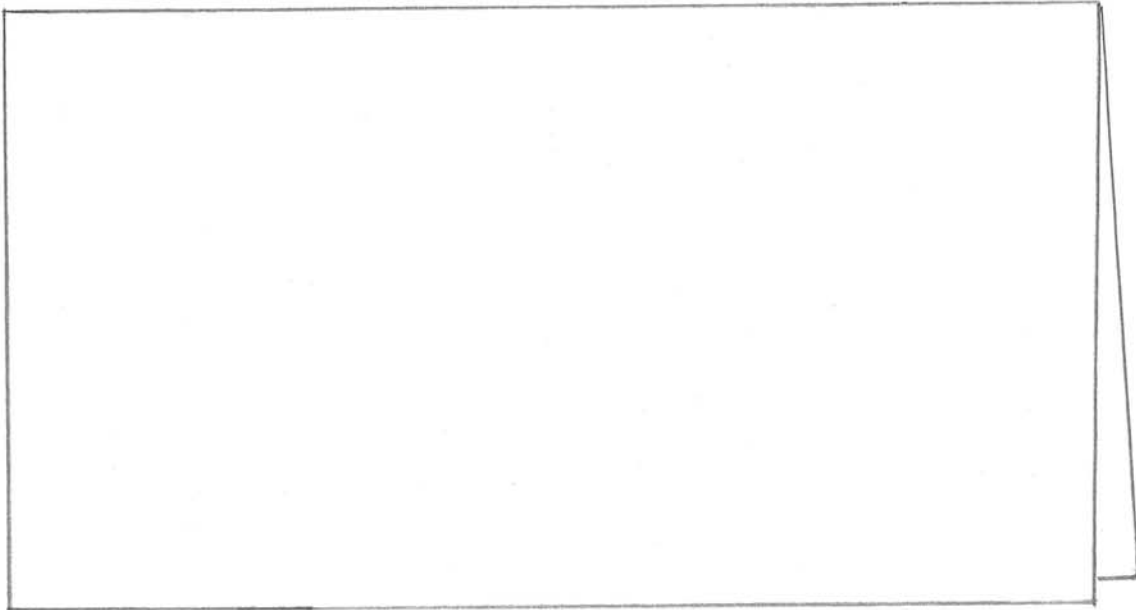

6    **Sixth**, we folded over each triangle.

7    **Seventh**, we folded the alligator back

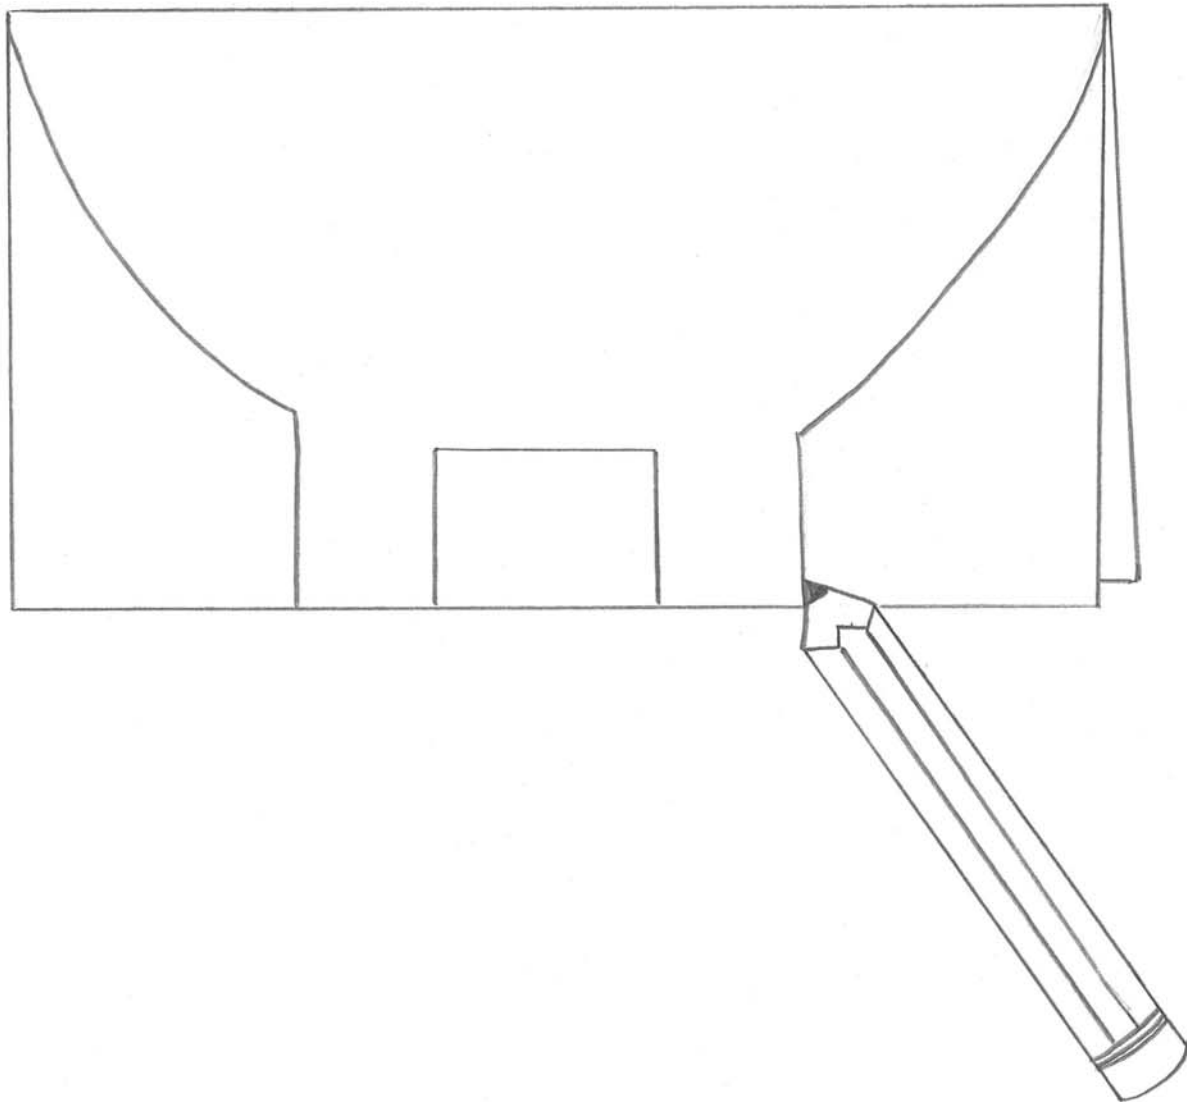

together.

    **Finally**, we drew a face on the alligator.

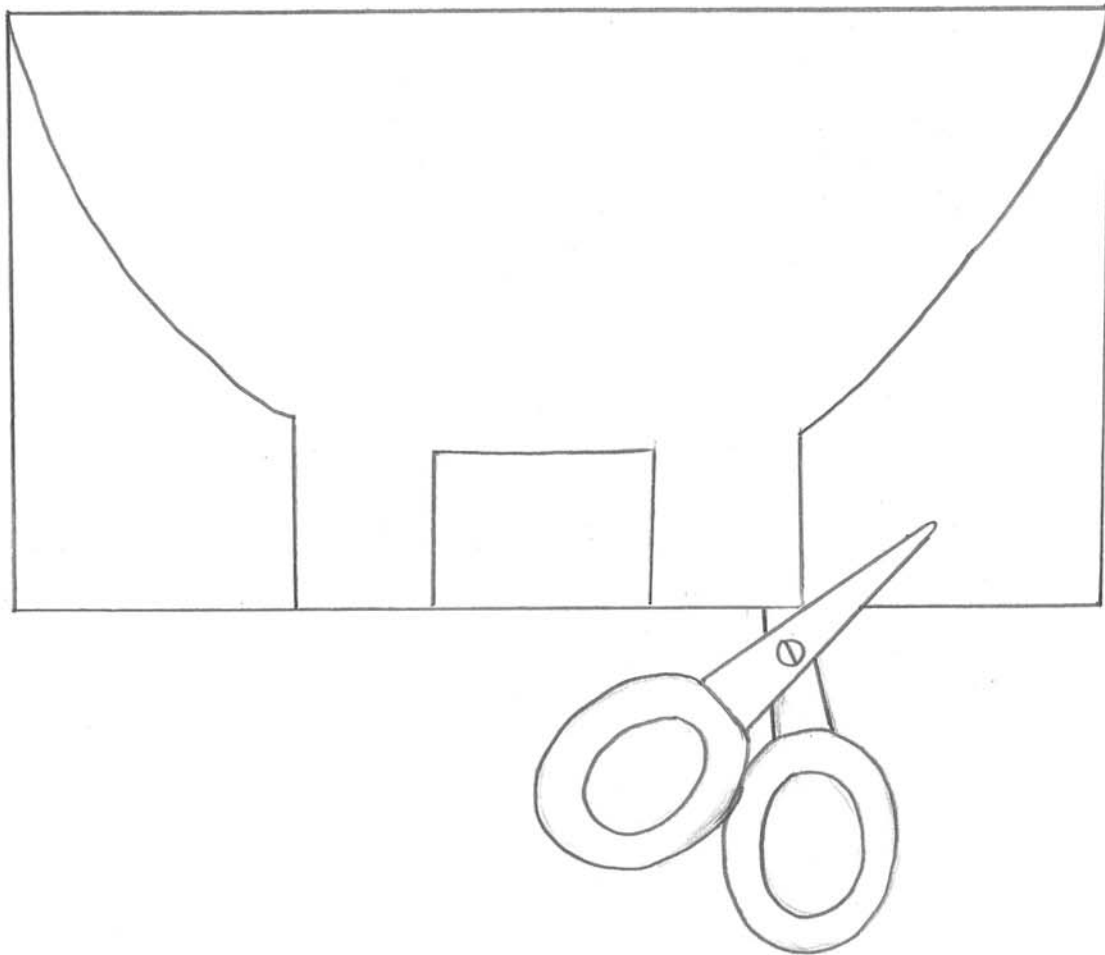

Fold a piece of green construction paper into a rectangle.

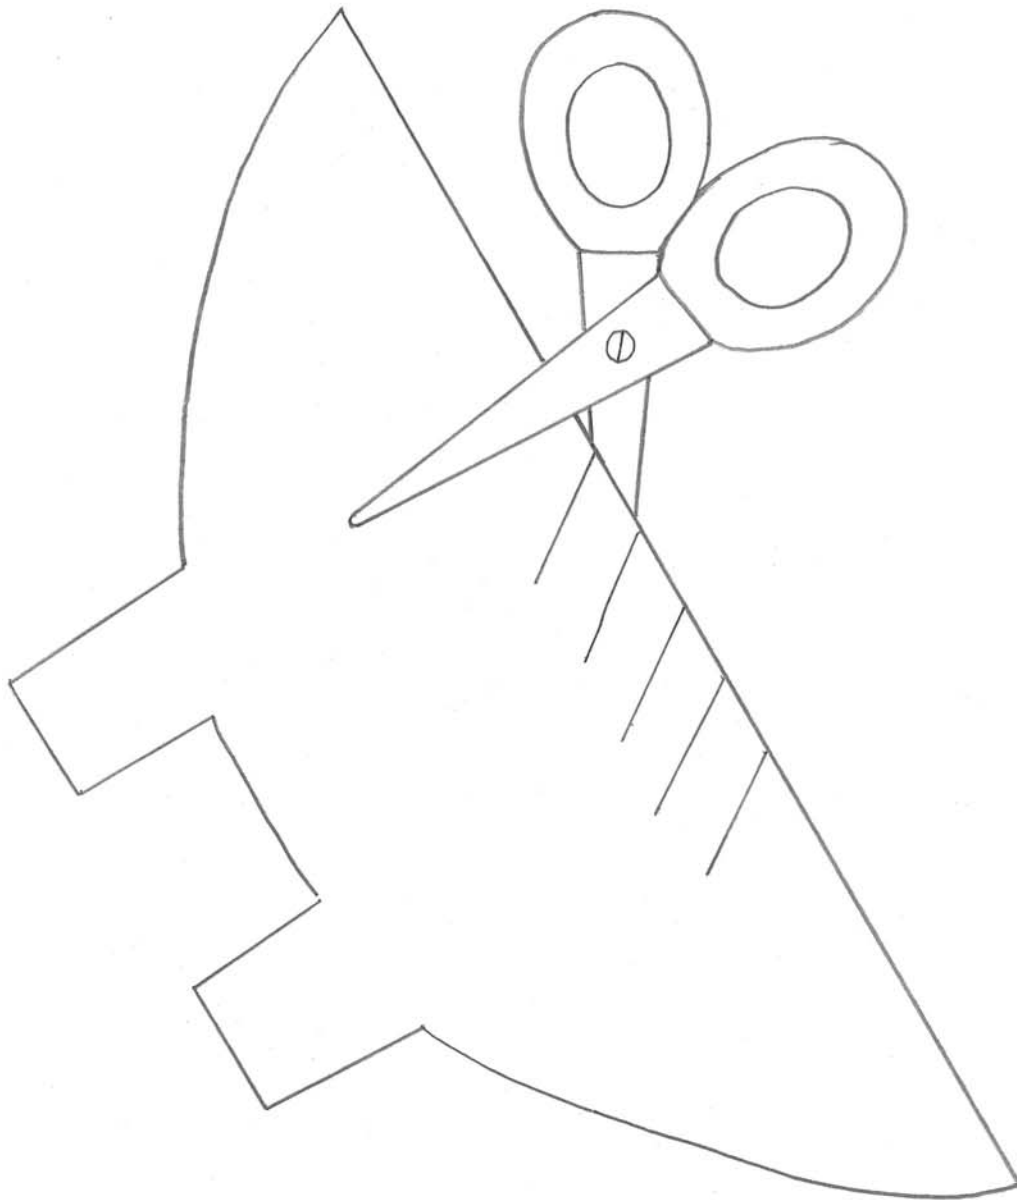

Trace an alligator shape on the rectangle.

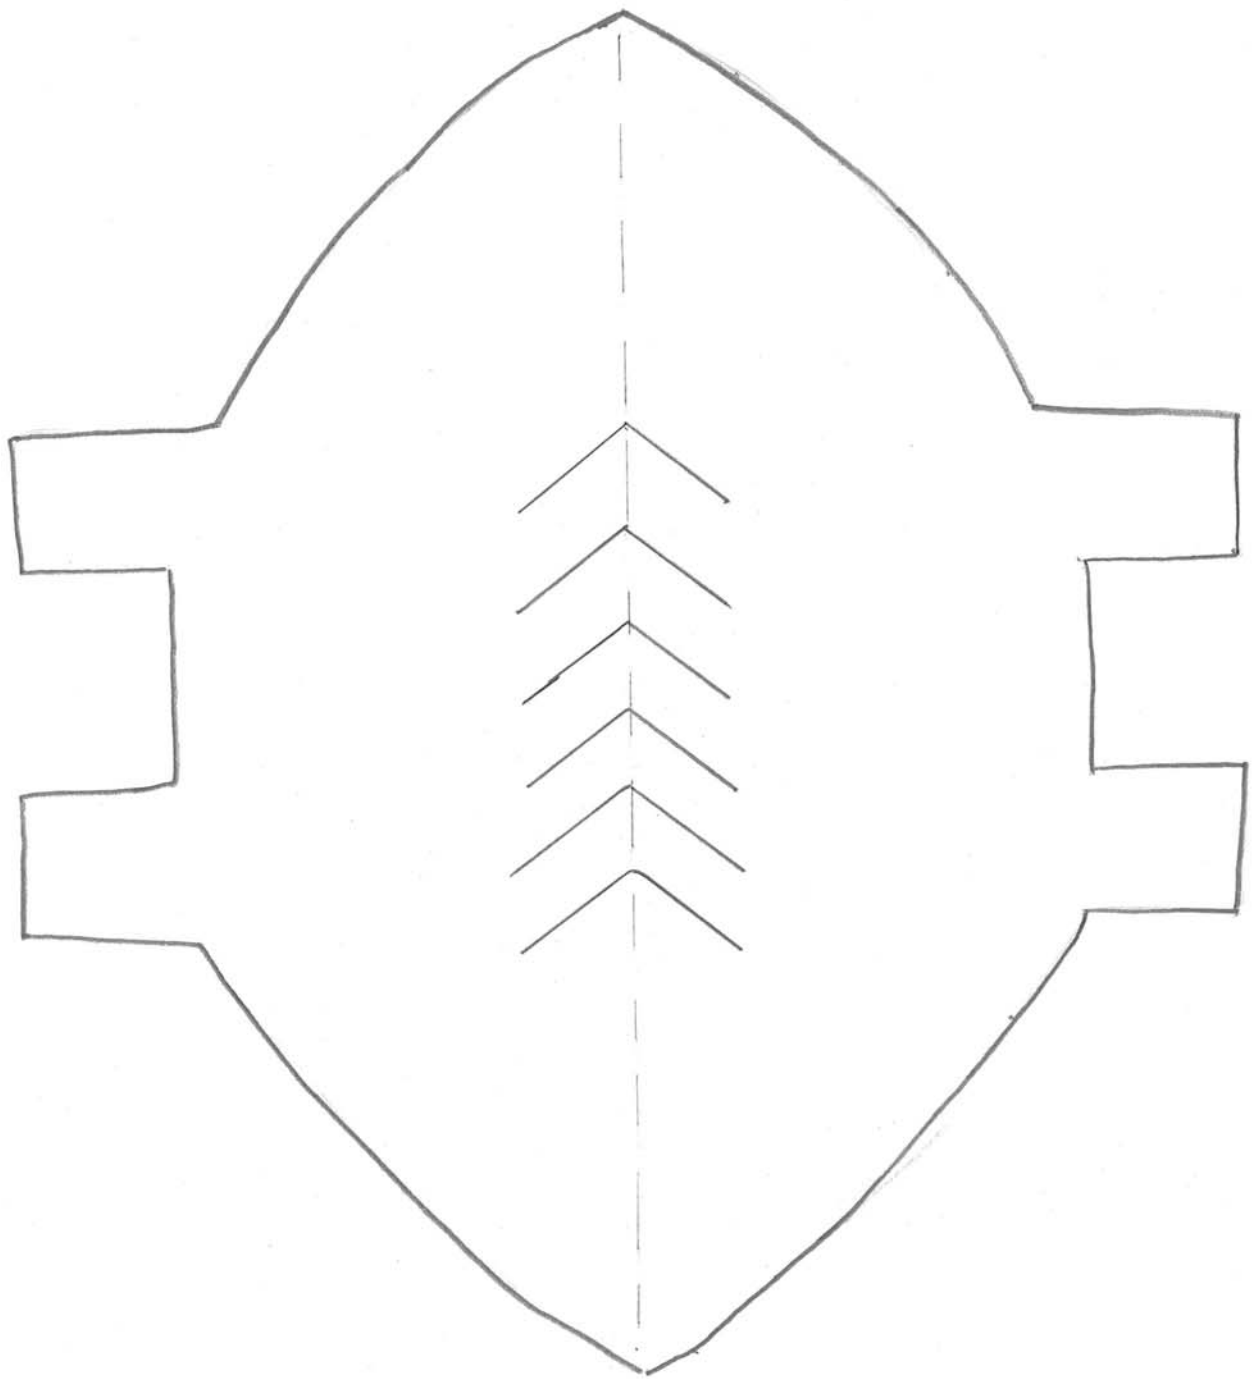

Cut out the alligator.

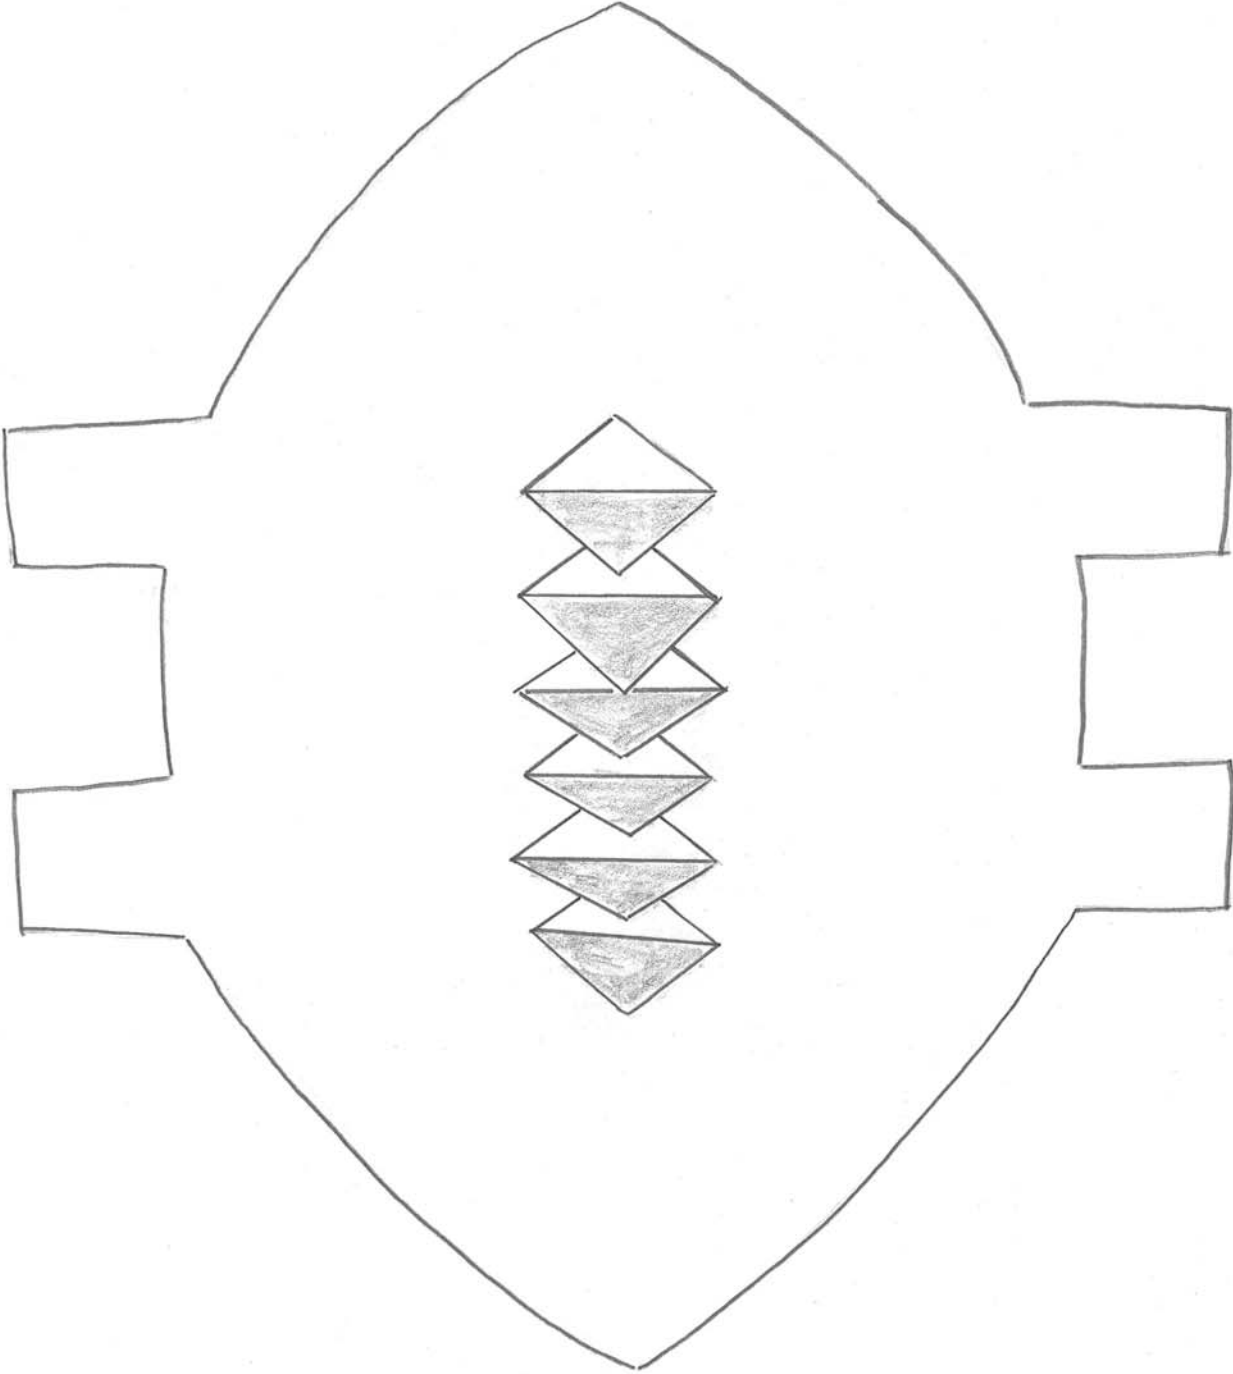

Cut 6 lines on the fold of the alligator.

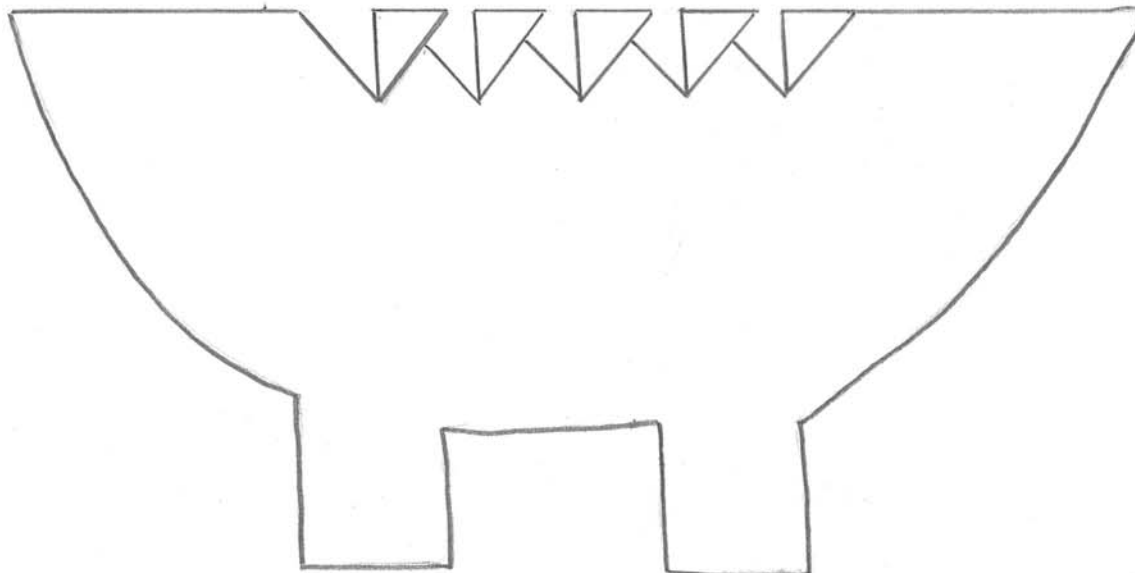

Unfold the paper.

Fold over each cut to make a triangle.

Fold the alligator back together.

Draw a face on the alligator.
